

SAMSUNG Gear VR Innovator Edition for S6

ACKNOWLEDGEMENT AND CONSENT

Welcome to digiPlaySpace! We're pleased to provide your child with hands-on access to the Samsung Gear VR Innovator Edition for S6. Before your child can experience the virtual world, however, we need to provide you with some key information.

PLEASE BE AWARE:

1. Your child may experience motion sickness and/or dizziness while using the Gear VR headset.
2. You are asked to stay nearby during the trial. If you suspect that your child may be experiencing discomfort or adverse health effects, please let us know immediately so we can stop the trial and safely discontinue your child's use of the headset.
3. Your child must remain seated at all times.
4. Your child must be aware of his/her physical surroundings.
5. A TIFF facilitator may be required to provide some assistance so your child can make the most of his/her time with the Gear VR headset. This may include such actions as making sure that the headset is securely fastened to your child's head, guiding your child so s/he can locate and navigate the controls, and safely removing the headset once the trial has ended.
6. Given the nature of the technology involved, Samsung's guidelines require that your child be at least 13 years old to participate in the trial.

By signing below, you are confirming that you have read and understood the information above as a condition of having your child participate in the trial. We hope your child enjoys his/her experience with the Samsung Gear VR Innovator Edition for S6!

Child's Name

Parent's/Guardian's Name

Parent's/Guardian's Signature

Date

TIFF is a charitable organization with a mission to transform the way people see the world, through film.
